DISEASED ANIMALS

In the interest of maintaining a high standard of animal health, all livestock are subject to inspection following delivery through the period of the show by veterinarians employed by the Provincial Exhibition of Manitoba. Animals found to have a contagious disease must be treated in the barn under the supervision of the official veterinarian. If conditions are found to be of serious nature, the owner may be required to remove the animal from the premises.

INSURANCE

The exhibitor/participant, at his or her own cost, shall procure and maintain in full force and effect during the time of this Agreement, a Commercial General Liability (CGL) insurance policy or other insurance form acceptable to Provincial Exhibition of Manitoba management with a combined single limit of not less than ***TWO MILLION DOLLARS (\$2,000,000.00 CAD)*** for bodily injury or death and for property damage. The insurance policy must have a policy territory which includes Canada and be underwritten by an insurer acceptable to the Provincial Exhibition of Manitoba (generally AM Best rating of B+ or higher). The Provincial Exhibition of Manitoba must be added as an additional insured on the exhibitor's insurance policy:

**Provincial Exhibition of Manitoba
Unit 1A 1200 13th Street
Brandon, MB R7A 4S8**

Insurance coverage meeting the above requirements must be maintained during the period of Sunday, March 30, 2025, to Saturday April 5, 2025.

This insurance is designed to protect the attending public, other exhibitors/participants, the fair organizers as well as yourself against possible lawsuits arising from your participation at our event.

Exhibitors/Participants who have not provided proof of sufficient coverage will not be allowed to move-in, participate and/or set up until the insurance certificate has been provided to the Provincial Exhibition management.

If you already have Commercial General Liability Insurance in place and the Provincial Exhibition has been added as an additional insured, please provide the Provincial Exhibition with a certificate of insurance, this can be obtained from your insurance provider. Email to livestock@provincialex.com.

If you do not carry insurance normally, short-term insurance policies covering your liability exposure for the period of the event can be obtained by calling your insurance broker.

Insurance certificates are to be sent to the Provincial Exhibition of Manitoba by Sunday March 31, 2025, by email entries@provincialex.com

Liability

The Provincial Exhibition of Manitoba will not be liable for any loss, damage, or injury to the Exhibitor/Participant, including its owner, rider, products, or employees. Exhibitors and Participants must maintain insurance on their exhibit, equipment, animals, and staff at their own expense.

The exhibitor/participant/owner/rider agrees to indemnify and hold harmless both the Provincial Exhibition of Manitoba and the Keystone Centre including their respective Directors, Members, Employees, Volunteers and/or the Show Committee against any and all claims of any persons whomsoever. The Provincial Exhibition assumes no liability for damages or losses resulting from or related to the failure of the Exhibitor to comply with the provisions of the agreement or the Manitoba Health regulations at the time. Under these circumstances the Provincial Exhibition is under no obligation to refund the Exhibitor's fees.

SHOW RING ETHICS

IAFE (International Association of Fairs & Expositions) NATIONAL CODE OF SHOW RING ETHICS

Exhibitors of animals at livestock shows shall always deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to juniors as well as open class exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show. In addition to the "IAFE National Code of Show Ring Ethics", fairs and livestock shows may have rules and regulations which they impose on the local, county, state, provincial and national levels.

All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers and absolutely responsible persons, who violate the code of ethics will forfeit premiums, awards and auction proceeds and shall be prohibited from future exhibitions in accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.

The following is a list of guidelines for all exhibitors and all livestock in competitive events:

All exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership and age of all animals entered. Misrepresentation of ownership, age or any facts relating thereto is prohibited.

Owners, exhibitors, fitters, trainers, or responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair or livestock show officials.

Junior exhibitors are expected to care for and groom their animals while at fairs or livestock shows.

Animals shall be presented to show events where they will enter the food chain free of violate drug residues. The act of entering an animal in a livestock show is the giving of consent by the owner, exhibitor, fitter, trainer and/or responsible person for show management to obtain any specimens of urine, saliva, blood or other substances from the animal to be used in testing. Animals not entered in an event which culminates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state, and provincial statutes, regulation, and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state and provincial statutes, regulations and rules affect the animals' performance or appearance at the event.

If the laboratory report on the analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood, or other substance tested by the laboratory to which it is sent is the ones taken from the animal in question, its integrity is preserved and all

procedures of said collection and preservation, transfer to the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise.

At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medications for the sole purpose of protecting the health of the animal shall be administered by a licensed veterinarian.

Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, confirmation, or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal is prohibited.

The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.

Direct criticism or interference with the judge, fair or livestock show management, other exhibitors, breed representatives, or show officials before, during, or after the competition event is prohibited. In the furtherance of their official duty, all judges, fair and livestock show management, or other show officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.

No owner, exhibitor, fitter, trainer, or responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action.

The application of the code of ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter, trainer, or participant whether he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.

The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer, or responsible person to have disciplinary action taken by the fair or livestock show for violation of this Code of Show Ring Ethics and any other rules of competition of the fair or livestock show without recourse against the fair or livestock show. The act of entering an animal is the giving consent that any proceedings or disciplinary action taken by the fair or livestock show may be published with the name of the violator or violators in any publication of the International Association of Fairs and Expositions, including "Fairs and Expositions" and any special notice to members.

The act of entering of an animal in a fair or livestock show is the giving of verification by the owner, exhibitor, fitter, trainer, or responsible person that he or she has read the IAFE National Code of Show Ring Ethics and understands the consequences and penalties provided for actions prohibited by the code. It is further consent that any action which contravenes these rules and is

also in violation of federal, state, or provincial statutes, regulations, or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.

Royal Manitoba Winter Fair is committed to the belief that every animal shall be treated humanely. Activities or events that involve situations having a high probability of injury or illness to an animal are unacceptable to the goals and objections of Royal Manitoba Winter Fair.

4. Upon making entry, the name, address, and date of birth of competitor must be submitted with the entry of the animals' date of birth and breed.
5. Any exhibitor who is a member of a 4-H club is subject to the general rules governing 4-H club members. 4-H club members must feed an extra calf for this competition and will not be permitted to enter their club calf being fed for their local show as this entry will be sold in a live sale..
6. It is important and necessary for the Provincial Exhibition of Manitoba and the cattle industry of Manitoba that young people are encouraged to become interested in the showing and displaying beef cattle. Over the years, the boys' and girls' calf feeding competition has been a means of me encouraging this. Unfortunately, there is reason to believe that some of the rules, especially those pertaining to the period of ownership, are being circumvented. Should the executive and the cattle committee in conjunction and by majority vote thereof, believe that the period of ownership rule is being broken, the person in question may be excused or barred from showing or receiving prizes. All exhibitors and interested people are invited to help with the enforcement of this rule.
7. Blood samples to determine parentage may be drawn where deemed necessary.
8. **Steers to be born after January 1st, 2024.**
9. All steers must be weighed on Wednesday, April 2nd, at 4:00 pm. Steers will be sorted by weight and shown in weight classes.
